London Claims That Germans Are  
Being Forced From Their  
Trenches in Flanders—Ger-  
man Raid Stirs England.

London, Dec. 18.—Again the Ger-  
mans and Austrians seem to be on  
the crest of a wave of battle as the in-  
definable struggle in the east con-  
tinues; again Berlin is gay with flags,  
and again Petrograd declines to con-  
cede the victory to the invaders.

Berlin and Vienna contend, how-  
ever, that the Russians are falling  
back along the entire front from the  
Pactia to the Carpathians, with the in-  
creasing center less than thirty miles  
from Warsaw.

In the western arena there have  
been no events of great importance,  
at least none have been reported. Foot  
by foot, the allies appear to be forcing  
the Germans out of their trenches in  
Flanders, and maintaining the pressure  
elsewhere on the front from the sea  
to Switzerland.

Turks Robbed of Egypt.  
The British press today naturally  
makes a feature of the annexation of  
Egypt and the Sudan, which takes  
from the Sultan of Turkey 14,000,000  
square miles and 1,300,000 square miles  
of land. This action moreover robs the  
Turk of his last foothold in Africa,  
only having taken Tripoli from him  
a few years ago.

All England is still buzzing with talk  
about the German raid in the east  
coast, interest having been stimulated  
at the latest account coming  
out of Hartlepool.

Many of the naturalized Germans  
settled on the east coast after the  
German raid have been liberated.

Attack Press Censorship.  
Paris, Dec. 18.—An energetic protest  
against the press censorship was  
made at a meeting today of deputies  
and senators who are journalistic. The  
meeting drafted formal statement of  
protest to the censorship which is  
to be handed to the minister of justice,  
Armand Briand, as president of the  
council of state.

The French war office this afternoon  
gave out an official communication as  
follows:

Advances in Belgium.  
The day of December 17 was marked  
as we said yesterday, by an ad-  
vance on our part in Belgium, where  
every counter attack undertaken by  
the enemy failed.

In the region of Arras a vigorous  
offensive made us masters of several  
trenches. These are located at Auchy,  
La Bassée, St. Laurent and Blangy. At  
the last mentioned place we occupied  
a front more than one kilometer long,  
almost all the first line trenches of the  
enemy.

In the Argonne the Germans blow  
up one of our trenches to the north  
of Four De Paris.

Donies French Gains.  
Berlin, Dec. 18.—The German war  
office this afternoon gave out an of-  
ficial statement as follows:

The French attacks between La  
Bassee and Arras on both sides of  
the river Somme have resulted in fail-  
ure with severe losses to the enemy.  
The Somme the French lost 1,200  
men in prisoners and at least 1,800 in  
dead.

TO THE FRONT SOONEmperor William Reported to Have  
Fully Recovered From His Re-  
cent Illness.

[BY ASSOCIATED PRESS.]  
Amsterdam, via London, Dec. 18.—  
According to the Telegram, Emperor  
William, who has been detained in  
Berlin for some time, because of ill-  
ness, will return to the front this  
week.

The emperor, the dispatch says, has  
not conferred the decoration of the  
Iron Cross, first class, on Chancellor  
von Bethman-Hollwig.

AUSTRIANS SUFFER  
HEAVY CASUALTIESSerious Losses in Dead and Prisoners  
Sustained in Serbian Cam-  
paign.

[BY ASSOCIATED PRESS.]  
Paris, Dec. 18.—In a dispatch from  
Belgrade, the correspondent of the  
Paris Agency says that the Serbian  
authorities have re-established them-  
selves in the vicinity of Podrinje,  
where the Austrian troops surrendered  
to them. Prisoners affirm that the  
Austrian losses in the recent engage-  
ment were large, and that they exceed  
the losses in the Serbian campaign.  
The bodies of Austrian soldiers found  
in the line of their retreat.

Ljubitz, where there has been no  
fighting recently, was burned by the  
Austrians.

TEASDALE TO GIVE  
VICE PROBE FACTS  
TO MOST EFFICIENTPeculianness Among Mayors and Chiefs  
In Some Cities Causes Holding  
Back of Date.

[SPECIAL TO THE GAZETTE.]  
Madison, Wis., Dec. 18.—The anti-  
vice committee of the legislature has  
not determined to whom specifically it  
will furnish confidential information  
relative to immoral places in Wiscon-  
sin cities named in its recent report.  
Chairman Howard Teasdale, who is  
here the week, declared today that it  
is a difficult matter to decide just  
what officials are entitled to know the  
facts named. In some cities jealous-  
ies between mayors and police chiefs  
exist, and both officials are seeking  
the investigators' findings. The com-  
mittee in such cases will be governed  
by the judgment of Senator Teas-  
dale, who has said that he will re-  
presented as saying that he will  
municipal official claiming a disposi-  
tion to clean up his town may see the  
investigator.

We have felt that persons charged  
with the responsibility of enforcing  
the laws—the mayors—should have  
every chance to clean up their cities  
if we are certain of their absolute good  
faith. We do not propose to give out  
these findings for the purpose of allow-  
ing city officials to whitewash their  
cities or their police departments by  
claiming advance information. Sev-  
eral mayors have asked for this in-  
formation, but we have reached no con-  
clusions on which requests to grant.  
The chairman has received a letter  
from a New York man of high stand-  
ing declaring that the committee's re-  
port as outlined in the press presents  
more information on the subject of  
vice than has any similar report he  
had ever seen.

Senator Teasdale has been invited  
by Dean Bell of Fond du Lac to ad-  
dress an assembly in that city on  
Jan. 10, but has not yet accepted.

QUARANTINE RELIEF  
SOUGHT BY ELIASONState Veterinarian Appeals to Senator  
La Follette to Aid in Removing  
Objectionable Features.

[SPECIAL TO THE GAZETTE.]  
Madison, Wis., Dec. 18.—A direct ap-  
peal was made by Dr. O. H. Eliason,  
state veterinarian, today to Senator  
La Follette at Washington to secure  
his aid in removing some of the ob-  
jectionable and apparently unnecessary  
features of the quarantine law. The  
law is placed upon this state by the  
federal government. While a large  
part of the state has been relieved  
from the quarantine, even in those  
places where the law is in force, ex-  
ceptions to the law have been made.  
The law has never been prevalent, but  
because they were contiguous to in-  
fected counties, they were included in  
the quarantine. The law is now being  
relaxed, and the state is now being  
relieved from the quarantine.

Because of the continued spread of  
the foot and mouth disease among the  
herds and flocks of Dane county and  
the recent appearance of the disease  
of Madison, the regular mid-winter  
meeting of the ten days' farmers' con-  
course at the College of Agriculture,  
University of Wisconsin, has been  
abandoned.

This was decided at a special meet-  
ing of the faculty Thursday night.  
The immediate cause of this action  
was the continued spread of the epi-  
demic of foot and mouth disease in  
the university farm.

Besides the ten days' course, which  
attracted large numbers of  
farmers, it was decided to cancel the  
special dairy course for factory  
operators and managers, the fifth Wis-  
consin Country Life conference and the  
Young People's course. The latter,  
which is always attended by boys from  
the various counties in which corn  
growing contests are carried on, will  
be held at the 1915 Wisconsin  
state fair. The scholarships entered  
won by the boys will be honored for  
corn school to be held at Milwaukee  
during the week of the state fair and  
the same or additional instruction will  
be given. The officials of certain of  
the other organizations which had  
their meetings at the same time have  
already intimated their willingness to  
co-operate with the college authorities  
in preventing any possible spread of  
the disease. The poultry show to be  
held early in January will likely be  
held in the annex of the university  
gymnasium, thus removing any possi-  
bility of danger.

CUT APPROPRIATION  
FOR A FARM CENSUSHouse Reduces General Appropriation  
Bill to \$36,000,000—Congress-  
men's Mileage Chopped.

[BY ASSOCIATED PRESS.]  
Washington, Dec. 18.—The legisla-  
tive executive and judicial appropri-  
ation bill was passed by the house  
today after an appropriation of \$2,  
286,000 for an agricultural census was  
stricken out, bringing the total down  
to about \$36,000,000. By record  
vote the house provided payment of  
actual traveling expenses to members  
in lieu of the present rate of 20 cents  
a mile. A similar proposal last ses-  
sion died in the senate.

SAFETY IS GUARANTEED  
BY NEW GOVERNOR

[Correspondence of The A. P.]  
Amsterdam, December 18.—Major  
General Kelm, recently appointed  
German military Governor of the  
Belgian province of Limbourg, entered  
upon his new duties with a proclama-  
tion in which he declared that under  
his government agriculture and cattle-  
raising would find quick favor and  
protection. He also guaranteed pro-  
tection of person and property to all  
Belgians, and vigorously protested  
against reports that young men who  
returned would be pressed into mili-  
tary service. In conclusion he warned  
the population against any acts of  
violence against German soldiers.

MISS JULIA LOVEJOY  
WEDDED ON THURSDAYMARRIAGE TO FERNANDO CUM-  
BERTI SOLEMNIZED AT SIX  
O'CLOCK LAST EVENING.

## IS PRETTY CEREMONY

Bride Charmingly Gowned in Dress of  
Princess Lace Over Cream Col-  
ored Silk—To Reside in  
Chicago.

A very pretty wedding ceremony  
was solemnized at the home of Mrs.  
Allen Perry Lovejoy, 220 St. Law-  
rence avenue, last evening at six  
o'clock when the only daughter,  
Miss Susan Lovejoy, united in  
marriage to Fernando Cumberti,  
of Chicago, Illinois. The hall and stair-  
way were decorated in Christmas  
colors with holly, winterberries and  
red poinsettias. The ceremony was  
performed in the bay window of the  
living room, which had been trans-  
formed into a lower of greenery by  
the use of southern smilax, with two  
tall vases of Russell roses standing  
on each side.

To the music of the Triumphant  
March from "Aida," played by Miss  
Willa Severhill, violin, with Miss  
Mae Treat at the piano, the wedding  
party moved down the aisle made by  
two ribbons stretched by the broth-  
ers of the bride.

The procession was headed by Mas-  
ter Allen Perry Lovejoy, Jr., a neph-  
ew of the bride, who wore a white  
wedding ring, embedded in the heart of  
a large Russell rose. He wore a cunning  
Kate Greenaway costume of black  
tulle trousers and fitted white  
waist.

He was followed by the charming  
flower girl, Miss Nancy Wheelock,  
a cousin of the bride. She wore a quaint  
Kate Greenaway dress of white muslin  
over pink, trimmed with pink  
ribbons and with a Kate Greenaway  
cap to match, and strewn rose petals  
in path-way of the bride. The  
ring-bearer and the flower girl, Mas-  
ter Stowe Lovejoy, Jr., who stood  
near the bride during the ceremony,  
are children of brides for whom  
Miss Lovejoy was maid-of-honor.

Then entered the bride leaning on  
the arm of the groom. She was beau-  
tifully gowned in a dress of Princess  
lace over cream colored corded silk  
floor length, the waist front made of  
point lace of her mother's. She wore  
a long tulle veil and carried a shower  
bouquet of bride roses and lilies of  
the valley.

The ceremony was performed by  
the Rev. Joseph C. Hazen of the  
Baptist church. The bride was given  
away by her mother. After the cer-  
emony the happy couple received the  
congratulations of the forty members  
of the church, and guests who were  
present, and sat down to a delicious  
wedding supper. During the supper  
Miss Severhill and Miss Treat played  
Italian folk-songs and old English bal-  
lads. The evening was passed merrily  
with singing and dancing and flash-  
light pictures were taken of the bridal  
party. Mr. and Mrs. Cumberti left on  
Saturday morning for Chicago. They  
will be at home, at 5400 University  
avenue, Chicago, after the first of March.

Among the out-of-town relatives and  
friends who were present were Mas-  
ter and Mrs. J. R. Lovejoy of Schenectady,  
New York; Mr. and Mrs. John G.  
Sherrell and Miss Shortall, Miss  
Lillian and Mrs. J. H. Hines, Miss  
Star of Chicago; Miss Sara Hines of  
Cambridge, Mass.; Miss Lucy Lovell  
of Scranton, Pennsylvania; Miss  
Lillian Congdon of Duluth, Minnesota;  
Miss Louise D. Hill of Rockford, Ill-  
nois.

FATAL ACCIDENT ON  
HUNTING EXCURSION  
NEAR OTTER CREEKErnest Rumary, Aged Eighteen, Shot  
and Instantly Killed by Otto  
Arnold Thursday Afternoon.

Ernest Rumary, aged eighteen, was  
shot in the back of his head and in-  
stantly killed by the accidental dis-  
charge of the gun in the hands of a  
companion, Otto Arnold, of the same  
age. The accident occurred four  
miles north of Milton, near Otter  
Creek, shortly after three. The two  
boys with a companion, Arthur Hinch,  
were hunting rabbits and as far as  
was known were in the county. They  
were underbrush and was discharged  
the contents entering Rumary's head,  
almost blowing the entire top of his  
skull off. He died instantly and the  
two boys hastened to aid him, nearly  
a half hour before the body was brought  
home and returned to bring the  
body to his home. The shooting was  
an accident and no blame can be at-  
tributed to young Arnold, who is heart-  
broken over the occurrence.

will hold a meeting at the Grand Hotel

the state bankers' association. An effort  
is being made to form societies of this  
nature in every county in the state. It  
is expected that the bankers of Rock  
county will be represented in the gather-  
ing to-night. Dinner will be served at

BRITISH PUT EGYPT  
UNDER PROTECTORATEUnion Jack is Raised Over All Gar-  
risoned Towns as Result of  
War With Turkey.

[BY ASSOCIATED PRESS.]  
Cairo, Egypt, Dec. 18.—A British  
proclamation was formally proclaimed  
throughout Egypt today, in all gar-  
risoned towns a salute of 101 guns  
was fired, and the Union Jack was  
hoisted.

Egypt has been placed under the  
protection of the king of England as a  
result of war arising from the ac-  
tion of Turkey. This announcement  
was made in London last night. The  
Suzariz of Turkey over Egypt is  
terminated, and the British govern-  
ment is obligated to adopt all the  
measures necessary for the defense  
of Egypt and the protection of its in-  
habitants and interests.

WAR PREVENTS PLANS  
MADE BY KING FOR  
QUEEN ALEXANDRAEmperor William Had Been Invited  
As Guest to Seventieth Birthday  
of King George's Mother.

[Correspondence of The A. P.]  
London, Dec. 18.—Plans of King  
George for a great celebration of the  
seventieth birthday of his mother  
Queen Alexandra were entirely set  
aside this year, on account of the war.  
The king and queen were expected  
and she the day quietly.  
Among the guests who had been  
needed were Emperor William and the  
Empress, in connection with the  
queen's birthday it was revealed  
many that the marriage of Queen  
Alexandra was the first ceremonial  
function which the Emperor ever was  
allowed to attend. He then was a  
small and fidgety boy of four years.  
During the ceremony, his uncles,  
Dukes of Connaught and Edinburgh,  
posed themselves on either side of  
him to keep him quiet. When pre-  
sented he began to shuffle his feet,  
the two uncles administered a warning  
Bishop Wilberforce, according to  
the incident, the boy knelt down and  
both uncles in the calves "so savage."

Queen Alexandra still is active in  
public affairs. She is a firm believer  
in outdoor exercise and whenever the  
morning weather is favorable she  
may be seen strolling through her  
gardens with her favorite dogs. She  
makes a rule to go through her  
voluminous correspondence in person  
and she continues to exercise the  
closest personal control over her  
household and its expenses. She  
passes several hours in this business  
every day, going through the ac-  
counts as they reach General Sir

ler of her household.

She is the head of the Red Cross

much time to the raising of funds for  
the support of this work. She fol-

CARRANZA'S FORCES  
RETIRE IN DISORDERMeanwhile Nine Trains of American  
Troops Are Rushed to Naco,  
Arizona.

[BY ASSOCIATED PRESS.]  
El Paso, Texas, Dec. 18.—The nine  
train troops from Texas City and  
Fort Sill began passing through the  
city today on their way to Naco, Ariz.  
Details of Fighting.  
Mexico City, Dec. 18.—The fall of  
Puebla was reached today. It was  
said that after evacuating the place,  
the Carranza forces made a  
stand to the north, where they were  
defeated, losing many men.

The Carranza men retreated in dis-  
order toward the railroad, with the  
evident intention of making their way  
to Vera Cruz. The retreating forces  
burned freight and passenger trains.  
The oil tanks in the vicinity  
emptied and set on fire. General Za-  
ragoza and Almazan were in com-  
mand of the Villa troops. They  
placed their losses at 50 killed and  
wounded.

BELGIAN OFFICIALS COLLECT  
WAR TAXES FOR GERMAN ARMY

[Correspondence of The A. P.]  
Brussels, Dec. 18.—The German  
authorities in Belgium have begun to  
collect the taxes in Belgium in ac-  
cordance with the provision of the  
Hague convention respecting occupied  
territory. The collection is  
made by the regular Belgian officials,  
who are under German supervision.  
No exceptions are made in the case  
of German goods; these pay the regu-  
lar import duties, like those from  
other countries. When the collection  
of duties began the authorities an-  
nounced that goods already brought  
into would have to pay duties in ar-  
rears.

[SPECIAL TO THE GAZETTE.]  
Joliet, Ill., Dec. 18.—The figures  
"18" in a date line are likely to be  
fatal to Frank Repetto, a Chicago  
burglar, who will meet his death on  
the gallows today unless a reprieve is  
granted. Repetto killed Charles  
Masters, his call-mate, on September  
18 and was convicted on October 18.

DUTCH FLAG FLIES  
ON FRONTIER HOMES

[Correspondence of The A. P.]  
Amsterdam, via London, December  
18.—In order to mark their national-  
ity, most farm houses, residences, and  
even barns on neutral territory near  
the Belgian border now fly the Dutch  
flag. In many instances houses are  
located on the boundary line, with  
perhaps two or three rooms in Bel-  
gium, and the remainder in Holland.  
In such cases, the Germans invariably  
place a guard inside the house in  
order to prevent the operations of  
smugglers or deserters.

SAUK CITY IS HOST  
TO PHILIPP SATURDAYGovernor Elect to be Guest of Honor  
at Scene of Boyhood School-days  
Greetings "Old Folks."

Sauk City, Wis., Dec. 18.—Governor-  
elect Philipp is coming  
back home to Sauk City on Saturday  
home, and in his honor old friends  
and neighbors will gather for a re-  
ception banquet tomorrow night. The  
invitation went to Mr. Philipp, not  
from any party or section of the  
people, but from the whole community.  
The social center, the  
gathering on Saturday night will  
have the all-inclusive neighborly  
character of "just folks," for which  
Sauk City is famed.

It was originally planned to have  
the banquet in the schoolhouse. When  
Mr. Philipp was informed of this  
plan, he expressed pleasure at the  
prospect, declaring that he had  
been watching the way in which Sauk  
City is using its school building for  
the benefit of all the people, and that  
the social center program has his  
heartiest approval. But unfortunately  
the large auditorium that is being  
talked of in connection with the  
schoolhouse is not yet constructed.  
The number who will attend the  
dinner is larger than the present  
assembly room will accommodate. So  
the banquet will be given at the Park  
Hotel, which will be served by the  
domestic science department of the  
High School, whose ability was shown  
at the time of the Social Center  
program, and the community spirit  
that has grown up through the citi-  
zens' meetings in the schoolhouse  
will be expressed in the music and  
the toasts.

The chief speaker of the evening  
will be the guest of honor, Governor  
Elect Philipp. He has not announced  
his topic, but has said that he will  
have something to say about the par-  
amount importance of the common  
school and the increase of its service  
to the people. State Superintendent  
Cary will speak upon The  
Broad New Meaning of Citizenship,  
and Edward J. Ward of the univer-  
sity of Wisconsin Extension division  
will speak upon A Constructive  
Answer to the Challenge of the  
Commissioner's report. Representing  
the community, Mayor Hahn, Robert  
Buerki and John Schneider will  
speak.

The invited guests from outside  
Sauk City will include H. O. Berg of  
Milwaukee, the first director of social  
centers to be employed in Wisconsin,  
and New Members of the Wisconsin  
Legislature, Messrs. J. H. Hines and  
Edward J. Ward of the univer-  
sity of Wisconsin Extension division  
will speak upon A Constructive  
Answer to the Challenge of the  
Commissioner's report. Representing  
the community, Mayor Hahn, Robert  
Buerki and John Schneider will  
speak.

UNEMPLOYED RIOT  
TODAY AT SEATTLEPolice Quell Disturbers, Take Them to  
Jail, and Men Clean Up Po-  
lice Station.

[BY ASSOCIATED PRESS.]  
Seattle, Dec. 18.—Two hundred un-  
employed men terrorized the patron  
and proprietors of a dairy lunch at  
Second avenue and Cherry street by  
marched into the place and forcible-  
ly taking all the food in sight. After this  
raid they paraded the down town  
streets, and within an hour made an  
attempt to loot the New Tacoma mar-  
ket, seizing everything in reach.

Responding to a hurried call the po-  
lice reached the restaurant in time  
to capture eighteen of the participants,  
and twenty-two more were arrested at  
the market.

Forty men were in three large cells  
at the city jail. They kicked the plas-  
ter off the walls in chunks, and broke  
all the windows. The rioters carried  
pieces of plaster brought the big glass  
light globe crashing to the floor, leav-  
ing the corridor in darkness.

The rioters had agreed not  
to go to the hotel Libby, where the mi-  
nimal home for men without jobs, be-  
cause they would be required to cut  
wood, mop floors, cook, and perform  
other services.

FOUR MENTIONED  
FOR DAVIES' JOBResignation of State Democratic Chair-  
man Opens Position for Aspir-  
ing Politicians.

[SPECIAL TO THE GAZETTE.]  
Madison, Wis., Dec. 18.—The pros-  
pect of the resignation of Joseph E.  
Davies as national committeeman from  
Wisconsin, just as soon as he is ap-  
pointed to the new position, has  
brought several applicants for the  
position in the field. The members of  
the democratic state central committee  
have the different congressional dis-  
tricts have already named several  
from some of the men who have been  
attempting to ascertain what their  
chances would be if they entered the  
contest.

Four names have been prominently  
mentioned in connection with the po-  
sition and two of these men have sent  
out letters regarding their chances.  
The men mentioned are Joseph Mar-  
tin, Green Bay, now chairman of the  
democratic state central committee;  
former congressman C. H. Weiss of  
Sheboygan Falls, and Thomas Flem-  
ming and John M. Calhoun of Mil-

TERRA HAUTE FIRE  
KILLS TWO PERSONSThree Others Seriously Hurt When  
They Jump From Upper Floor  
of Burning Rooming

Terre Haute, Ind., Dec. 18.—Two per-  
sons were killed and a number in-  
jured today destroyed a large rooming  
house known as the "Hayloft" in the  
tenderloin district. A lighted lantern  
which hung in the hallway to light the  
way of late comers and which either  
fell or was knocked to the floor, is be-  
lieved to have started the fire. The  
dead are Lucius Alexander, a cripple  
smothered to death, and Chester Ray-  
ney, 18, son of a rooming house keep-  
er. The seriously injured are Mrs.  
Lena Rayney, Clifford Rayney, and  
other son, Will Gentry, a roomer. The  
three injured were hurt in jumping  
from the second story of the building,  
a frame structure.

RAILROADS GRANTED  
INCREASE IN RATES  
IN DECISION TODAYFIVE PER CENT ADVANCE AL-  
LOWED ON LINES BETWEEN  
ATLANTIC AND MISS-  
ISSIPPI.

## MEANS LARGER INCOME

Annual Income of Carriers Will be  
Boosted Twenty Million as a Re-  
sult of Commerce Commis-  
sion's Action.

[BY ASSOCIATED PRESS.]  
Washington, Dec. 18.—Increases in  
freight rates, approximately five per  
cent on all the railroads between the  
Atlantic seaboard and Mississippi,  
north of the Potomac and Ohio riv-  
ers, were granted today by the inter-  
state commerce commission in a di-  
vided opinion, except on heavy com-  
modities, which comprise a large bulk  
of the traffic.

The increases will further apply to  
freight rates west of Buffalo and Pitts-  
burgh, which were granted partial ad-  
vances in the decision of last August,  
which denied them altogether to the in-  
terstate commerce commission in a di-  
vided opinion, except on heavy com-  
modities, which comprise a large bulk  
of the traffic.

The interstate commerce commis-  
sion granted the application of the  
eastern railroad except on certain  
specified commodities. Commis-  
sioners Harlan and Clement dissented.  
The carriers are permitted to make  
the applied for advance in rates for  
the rail-lake-and-rail, lake and  
rail, and rail and lake traffic; rates  
on the continuous coal and coke;  
rates on anthracite coal and iron ore  
and rates that are held by unex-  
pected orders of the commission.

On Other Commodities.  
The commission permits advances to be  
made also on cement, starch, brick  
tile, clay and plaster. On these com-  
modities no advance was permitted  
by the decision of the commission.  
Joint rates between official classi-  
fication territory and the territory  
south of the Potomac and Ohio and  
east of the Mississippi may be in-  
creased not to exceed five per cent.  
Interstate rate to and from New  
England also may be increased not  
to exceed five per cent. While pre-  
senting the decision, the commis-  
sioners expressed their regret that  
the Atlantic ports are preserved, the  
rate between any two of them also  
may be increased five per cent.

Asked for Rehearing.  
The application of the eastern roads  
for rehearing of the rate case was  
made on Sept. 15 last on the grounds  
that the decision was arbitrary and  
other stated that it materially changed  
conditions since the previous decision  
was given. The petition for a rehear-  
ing stated that it was in behalf  
of 112 railroad companies, comprising  
35 railroad systems in "official classi-  
fication territory." It sets forth that  
since the decision of the previous de-  
cision, facts and circumstances have  
changed, warranting a rehearing on  
the subject. Specifically, it was  
stated that the decision of the  
commission since the previous decision  
of the commission has changed the  
year ending June 30, 1914, had be-  
come available.

"The unforeseen European war,"  
the petition stated, "has brought about  
an unparalleled destruction of the wealth and disloca-  
tion of credit throughout the civilized  
world. It is certain that the compe-  
tition for capital will be keener and  
interest rates higher for some years  
to come than in any corresponding  
period within living memory. The  
emergency thus resulting is extreme-  
ly serious."

Helps Market Recovery.  
of the roads most vitally concerned,  
roadbed two and three-quarters  
points, and Baltimore and Ohio one  
of the interstate commerce commis-  
sion, which had not expected definite  
until next week. It came at the time  
the stock market was weak and helped  
materially to bring about a general  
recovery.

## HIGHS AND SECONDS IN CONTEST TODAY; TO PLAY ROCKFORD

Coach Curtis Picks Temporary Quintet to Oppose Ineligibles This Afternoon—Six Dates Arranged.

The high school basketball team, now only a temporary quintet of players who are eligible, opposed the ineligible or second string men this afternoon at four-fifteen in the first game of the season. Curtis, mentor of the squad, cares not to call his first team of today his first selection, for he claims it is not. "It is merely an experiment," stated the coach today, "and if it works out satisfactory to me, then I will name it the first team of the school. With material so light and with many inexperienced men to handle, it is no easy task to form a winning combination. The students will have to wait at least until the middle of January before they can be sure of the players composing the regular team. The Alumni players should furnish excellent opposition for our light team which the first team met on January 8th. Then a first team can and will more safely be definitely picked.

There is every reason to believe that Curtis expects to do great work with his speedy five on the floor this winter. With three men from last year's squad in the lineup, and with three of four more dependable men cut in uniforms, prospects are taking a favorable turn from a poor year to a successful one.

Clayton Stuckey is playing at right forward the same position he held last spring. It is doubtful if he will be shifted. At left guard Stewart is located. He also held down this spot throughout last season. Ray is the star player on the squad. He will be used at right guard when Mark Jones is at center. It is very likely that the latter will play center, despite the injuries he sustained to his knee during the football season. He cannot stick. Ray will be shifted to center and George Kavelage, a promising guard, will take his place.

Speaking of who will play left forward along with Stuckey, it is needless to mention that Richards, a sophomore, has earned the place. By constant drill Richards has developed into a player who it is believed will be one of the team's most valuable men before the season ends. His eye for the basket is accurate and his shots seldom fail to count.

The ineligible who oppose the first squad this afternoon in the opening game of the season were composed of the following men: Brown, center; Worick and Cushing, forwards; Leo and Biggs, guards.

Schedule Being Arranged.

The Alumni game on January 8th will be the real opening of the basketball season. On the 15th there is an open date. January 22nd Monroe will come here to game. On Wednesday, the 27th of the month, Janesville will go to Rockford and clash with Coach Winters' five. Winters was coach at Madison high school last year, and because of the square deal accorded the Capital City team when they played here last spring, Winters was anxious to have his Rockford team play Janesville this winter, giving the locals the benefit of the trip to the forest City. January 29th is still open. On February 12th Evansville will be met on the new floor of the Rockford City. March 5th Jefferson will play on the local floor. The average of the season will be scheduled as soon as possible, was Curtis' statement today.

## Health Officer Recommends Maté

B. A. Zugler, M. D., health officer of Wheeler County, Texas, writes: "I have used Woodley's Maté for a considerable time, and find it to be one of the best beverages as yet introduced into the United States."

"I consider its value as a food beverage, excellent, inasmuch as it contains more elements necessary to produce fat and tissue than any I have yet observed."

"I believe Maté can be judiciously adopted in the dietetics of certain diseases, viz: stomach affections and diseases of the nervous system, as it contains so much less by volume of caffeine (or caffeine) and tannin, and so much more magnesia than most food beverages."

Therefore, I heartily recommend its use in both health and disease.

## HOW WILL MAGNATES FIGHT "FED" LEAGUE?

Various Methods Advocated by O. B. Moguls to Keep Federal League From Swiping Players.

(By Hal Sheridan.)  
New York, Dec. 18.—Base, utterly base, conspiracy of the deepest hue is now being hatched against the "Dead-End" league. Whether Organized Ball will take the matter to the grand jury remains to be seen. It is being charged that the league is being organized to do away with the Federal League, which is regarded as the most promising candidate for next year's season. The league is being organized by a group of men, including the owners of the Federal League, who are being charged with a conspiracy to do away with the Federal League, which is regarded as the most promising candidate for next year's season.

The Federal League have cooperated a lot of money. With this bullion, some of the high on the Federal League, which is regarded as the most promising candidate for next year's season. The league is being organized by a group of men, including the owners of the Federal League, who are being charged with a conspiracy to do away with the Federal League, which is regarded as the most promising candidate for next year's season.

That sounds like a job, but the sad part of it is that its meeting here a week or so back, one magnate seriously suggested that the Federal League be organized against the Federal League, which is regarded as the most promising candidate for next year's season. The league is being organized by a group of men, including the owners of the Federal League, who are being charged with a conspiracy to do away with the Federal League, which is regarded as the most promising candidate for next year's season.

PROFESSIONAL CRICKET CLUBS IN ENGLAND HAVE LOST HEAVY SINCE WAR.

(Correspondence of The A. P.)  
London, Dec. 18.—Most of the prominent professional cricket clubs in England show an alarming financial deficit for the season, as a result of the damage which war put on the sport after August.  
The Lancashire Cricket Club, with an annual income of about \$40,000, had a loss of \$6,500. The Northamptonshire club was able to finish its season with a profit of \$2,000, but a gift of \$2,500 from Lord Lifford, an enthusiastic follower of the sport. The club has decided to abandon the game for the year 1915 and assess all members a sum sufficient to enable the organization to start the 1916 season free of debt.  
The Hampshire County Club, after beginning the year with a large surplus, finds itself at the end of the season with a deficit of \$4,500. Exact figures are not for the other prominent clubs, but it is known that all have suffered severely.

## Sport Snap Shots

Eddie Mahan of Harvard and Paul Desjardins of Chicago university are enjoying an unbridled diet in these few days between the close of the gridiron season and the opening of the basketball and indoor track season. During the whole college year Mahan and Desjardins have less than a month when they do not live on a restricted bill of fare, for the remainder of the time they are on training table diet with only muscle-building food stuffs to consume. That is the lot that befalls any all-round athlete. Mahan is the greatest all-star performer who has been at Harvard in many a decade. He plays football, of course. Then in the winter months he is a member of the Harvard varsity relay team. Early in the spring while the February winds are still biting, he goes into the gymnasium and begins his shape for pitching on the varsity team, and later, when the outdoor track season comes, he splits his time by training for the 100-yard dash. Desjardins is just as big a fellow at Ohio State. He is the center on the basketball team, pitcher for the baseball team and a point-getting track man. Desjardins has worked his way through college. He bids fair to land 12 "C"s, a record equaled by no other man at Chicago.

Stanley Ketchell once said that he wasn't afraid of anything or anybody in the world, but that the minutes that passed while he sat in his corner waiting for the bell to signal the start of a fight were horrible. It isn't that he fear the man or the punches he might land on me. I can't describe it, but I know it's an awful wait. Fellows face told me it's the same way when you're waiting to go into action in a battle. It's all right when the gong bangs. Then I can go. And couldn't I?

Scores of Canadian hockey teams have suffered because of the European war, but probably none was so hard hit as the Coburg (Ont.) team of O. H. A. Dick Turpin and others. The Coburg team was considered one of the second contingent, which left two weeks ago, ten men, including Manager John Burnett, were playing members of the Coburg hockey team. Coburg probably won't have any hockey this winter. The rink will be used for the purpose of mobilizing troops.

Philadelphia fans believe one of the most important duties of the manager of the Phillies will be to develop Bepko Rixey, the much heralded college southpaw, who has been a disappointment. The Phillies were considered to have made a master stroke when they signed Rixey to a contract late in 1912. But last year Rixey didn't come through as expected. He didn't even make the trip south. Next season Rixey will be carefully tutored in the southland under Moran's watchful eyes.

TWO CHAMP BIKE RIDERS FALL ON BATTLE LINES

(Correspondence of The A. P.)  
Bunkirk, France, December 18.—Gabriel Poulain, who won the world's professional bicycle sprint championship in 1905, and O. Lapize, an Olympic games champion and a widely known professional rider have been killed in action. Among those reported as captured by the Germans were Frolicher, a famous road rider, Francoeur, a six-day racer, Berthel, a former holder of the world's one-hour record, and Hourlier, last year's sprint champion.

Wonderful Photo Play at the Myers

Cines Production of "Antony & Cleopatra" Shows Wonderful Strides Made by Silent Drama.

Last night, "Antony & Cleopatra" was shown. It is a great picture. Quite wonderful in fact and deserved a larger large audience than was present. The story presented has all the opulence of costume and splendor of architecture which made the period of the Caesars notable. It is enacted in the place the stirring events occurred in those piping time just before the birth of Christ.

Rome in its ancient glory is pictured as is Alexandria, which are shown as they were when Egypt's queen revelled in luxury and lust. It is all quite amazing in its fidelity to history, and while following largely the dramatic features of Shakespeare's "Antony and Cleopatra" it has a new and wonderfully eloquent point of view, even in its silence.

The play opens with Antony, after his famous victories, demanding the aid of Egypt, and then gradually falling victim to the allurements of the royal siren. After that we follow him and his associate through vivid scenes to their tragic end.

The story takes full two hours to present. It is well acted. The players are Italians, of course, but they are well versed in the histrionic art, and display the emotions with remarkable skill and fidelity.

But in the extraordinary realism, the great big scenes of history the tragic element is vividly shown. In the pictures of the senate, the scene of the soldiers, the wild beasts, the grandeur of ancient court life, the work is a marvel, and has naturally an educational value.

AT MYERS THEATER.

It is a mistake to think beauty counts for such a lot on the stage. An ounce of originality is worth a pound of beauty. Beauty is a sunny disposition will take you further than a cameo face and a Venus form. When beauty fades your day is done. Ability keeps on growing.

These are some of the gems of wisdom, spiced with humor, which Miss Lyonne Darle, the famous soprano of the New York Grand Opera Company, who is to be heard here tonight, has to say. She is a natural, unaffected and sensible young woman with a shrewd head and a happy heart. Her performance of Carmen is considered a masterpiece. With a voice like a silver bell, capable of the highest flights, she enacts the entire gamut of emotions from the devil-may-care gypsy of the first act to the frenzied and agonized woman of the last.

"The creative sense is one of the most important qualifications for the woman who would succeed in opera," she continued. When I say "originality" I don't mean something which has never been heard before, but something with a new twist.

"Even imitation may thus be made over into originality. Let the girl who wants to be a success in the work begin by being sincere with herself, her work, her friends. Let her be original and ambitious. And then let her forget whether her nose is pure gold or pure Grecian, or whether her complexion is peaches and cream, so it is clean and wholesome, or whether her figure is 'stylish' so it has strength and symmetry.

"A thought in the head is better than paint on the cheek any time." Carmen with Miss Darle will be a treat indeed.

Appreciating the great love that the blind have for music, the management has arranged to have as their guests the entire scholarship at the State School for the Blind.

AT MYERS THEATER.

Querro, the violin virtuoso who will appear with Mlle Carmen in a high class instrumental act at Myers Theater for an engagement starting Saturday, has studied abroad with the foremost pedagogues, has been concert master with some of the best orchestras in Austria and Germany, as well as a violin soloist of renown. Leaving the school of Professors Suchy and Sevvik, he was received at once into musical circles of the continent as a soloist and a concert-master in most of the large musical centers of Europe. He has refused many flattering offers in order to continue in American vaudeville, among his many inducements being the position of concertmaster and soloist for Zepherus, also of the Philharmonic Orchestra in Kell. After returning to America, Walter Damrosch tried to engage Mr. Querro for the New York Symphony Orchestra, which was declined with thanks as the vaudeville stage was more to Querro.

In addition to the above headline

there will also be here during this engagement Ernest Rackett as Richard Cattle in vaudeville and Ballinger & Reynolds, introducing "Fun on a Wire."

This morning's Madison Democrat has the following to say for the New York Grand Opera company, which appeared in Madison last evening in Gounod's Faust, and who will sing Carmen in English tonight at the Myers theatre.

Gounod's Faust was remarkably played to a well filled house at the Fuller last night by the New York Grand Opera company. The company, although not large, had celebrities in the cast, who have achieved successes in the greatest musical centers of the world.

Madison music-lovers who were unable to be present were exceedingly unfortunate. Salvatore Giordano was "discovered" in America just a few years ago, and some of the more impulsive critics have said, may take the place of Caruso. Giordano is a wonderful actor, with an artistic noble bearing, making him dominant on the stage. His dramatic tenor, clear and ringing, is a masterpiece of sweetness. His tones of the richest quality and most vibrant power combined with his really wonderful dramatic interpretation should make him one of the dominant figures in the operatic world. But his voice is not the Caruso voice, nor is he the actor of the Caruso type. He has been accurately described as that perfect type of Mario Cavallados.

Mephistopheles was also portrayed by another splendid actor, Richard E. Parks, a scholar in the interpretation of dramatic feeling, an artist in the portrayal of feature and expression. Mr. Parks has a tremendous bass, majestic in tone. His enunciation is perfect. The carrying of his tones show an absolute development of the upper and lower registers. While he has not the physical height required for the Mephistopheles of the Wagnerian role, he has the quality of voice and intensity of expression lacking in a number of featured casts of today.

"Giorgio Calais, in the part of Valentine, made an instantaneous hit. His baritone was pure in quality and powerful. He shows that he possesses the highest training, and song with artistic finish the part of the protecting brother.

Marguerite Hobert carried the part of Margarita and received much approbation. She is an ideal Margarita. Physically, she is adapted to the character and her voice is of a peculiarly beautiful quality. Jessie Bruce and Ethel Peters admirably appeared as Stichel and Martha. It was unfortunate that some of Calais's notes appeared to be off the key. The orchestra took the responsibility of interpreting the music and sometimes leading the soloists."

The story presented has all the opulence of costume and splendor of architecture which made the period of the Caesars notable. It is enacted in the place the stirring events occurred in those piping time just before the birth of Christ.

Star Right End on High School Football Squad for Two Years, is Elected Honored at Meeting.

Leo Mooney, right end on the Janesville high school football team for the past two years, was chosen captain of the 1915 squad yesterday afternoon at a special meeting of the past season players at the school. Fourteen votes were cast, the choice being unanimous in favor of the agile fullback.

The selection of Mooney as leader of next season's team should be pleasing to the city's followers of high school athletics through the city. He should make a capable captain, and with a team composed of light and speedy men next fall, he expects to at least win enough games to warrant the players' letters. No "let" have been handed out to football men in the local high school for the past two years.

**FREEDOM OF THE SEAS.**

Scarcely had the effects of the victory of the English vessels in the South Atlantic been felt before the German fleet makes a raid upon the coast of England itself and the much vaunted talk of "freedom of the seas" is once more a mere word. The Wall Street Journal says: "There is a world-wide importance for the international exchange market in the crushing defeat inflicted upon the enterprising German squadron in the South Atlantic. It means a reduction in insurance rates, the easing of international exchange, and the assurance that somebody rules the waves, which after all is what our business men must desire."

"As age in our own service goes, Vice-Admiral Sir Frederick Sturdee is a relatively young man, although he would not be so considered in the British navy, where he was only a captain at the age of 41. They do not believe in 'boy' officers. But they have a well grounded belief that a man between the ages of 30 and 50 is likely to be an enterprising officer in active sea service. Our own vicious system makes our naval lieutenant an elderly man before he secures important command."

"Sturdee is a simple-minded, highly intelligent naval officer, who takes a businesslike point of view of naval affairs. He would have been the very last man to do what Kit Cragdock did, in engaging the German squadron off the coast of Chile. Sturdee has a record for bravery which speaks for itself. But he does not believe in wasting ships or men, and thinks that the businesslike way of conducting naval warfare is to have bigger vessels, larger guns and better shooting exactly where they are needed."

"It has been said before in these columns that the foreign commerce depends upon Great Britain ruling the waves. She accomplished an enormous, and largely unappreciated, triumph in bottling up the German fleet from the outset. She is cleaning up the sporadic German cruisers which, with great gallantry, intelligence and skill, have made some average of maritime trade unsafe."

"Sturdee is the man for the job. Those who know him personally would say that he is the most practical proposition that ever took up a speculative enterprise, like the capture or destruction of an elusive enemy's squadron."

"It should be said that such results as the naval engagement off the Falkland Islands are exactly what is required to bring a foolish world back to its senses. The prospects of peace are enormously increased. It may sound cold-blooded to say so, but expeditions blood-letting is an old-fashioned and effective remedy for a war fever which will be the astonishment of future historians."

**WAR TAXES AGAIN.**

Leslie's Weekly continues to call the Wilson deficient tariff taxes, war taxes, and remittance that on December 1st the new war taxes fell due.

"It is unprecedented that in times of peace war taxes should be levied upon the American people, but how many who now complain thought about it while congress was passing the bill? If the government was economically administered, there would be no need of war taxes. Proof of this will be found in the successful fight against the Ford-Barrill bill in our recent session. The generalship of Senator Burton of Ohio was reduced from \$3,000,000 to \$20,000,000, a saving of \$3,000,000, just one-third of the amount the special war taxes will provide. It is said that the

appropriations of this congress will be \$50,000,000 in excess of those of the preceding congress. Might it not have been possible, by careful economy, to have escaped the levy of \$100,000,000 during this period of depression? Yet we have a proposal to spend \$50,000,000 more in the expenditure of establishing a mercantile marine controlled by the government and inviting all the risks of foreign complications. The war taxes add to the high cost of living. They come when every one is trying to cut his personal expenditures. Why should not the government emulate the prevailing spirit of economy? The people of the United States, irrespective of party, will not soon forget the laying of special war taxes in time of peace. The necessity for them arose through reckless appropriations and inefficiency.

Now that the newly elected directors of the Park Association, who were really re-elected as a mark of confidence by the stockholders, have organized for the coming year the harmony of the association and the actions of the board during the past twelve months should be forgotten and the fact that the members of the board were re-elected by unanimous vote should be incentive enough for the members to forget past differences and work in hearty accord.

The workers of the Christmas committee of the Associated Charities are much encouraged over the prospects for a successful issue of the plans to bring a bit of the Yuletide spirit in fifty homes in Janesville. The generous response of the citizens to the call for financial aid is most gratifying, and while more money can be used to advantage, the indications are it will not be wanting when the final count is made.

Suffering Belgian refugees will have a sorry Christmas this year, but thanks to the generosity of the American people, there will be less actual suffering than otherwise might have been their share. The great charitable organizations of the world are now fully aroused to the task before them and ships laden with food and warm clothing are loading on the coast of the unfortunate little country.

Secretary Burleson's plan to cut down the salaries of the various democratic postmasters is not being received with joy by the men who have so long sought public office and now find they are to be given just a taste of the good things that are being passed around.

It will not be many days now before the new republican state administration takes office. One must not expect radical changes to be accomplished all in a day, but there is going to be a general house-cleaning before Governor Philipp really settles down to business.

France prepares to feed its fighting citizens in the trenches with a Christmas dinner and one bottle of wine for each four soldiers, who, it is safe to say, there will be something besides bullets peeping December 25th along the battle lines in France and Belgium.

The schools closed today until after the holidays. Consequently it will be harder to keep track of the younger members of the household in the next week than in the past, and Christmas things will have to be most carefully

hidden if they are to escape their prying eyes.

Russia appears to have either made a skillful retreat into its own territory, enticing the German hosts after them, or they were actually driven back when their line of communication was threatened. Whichever way it is, Berlin rejoices.

A few more zero days and the ice harvest will commence. This will be a welcome blessing to many men who are waiting for a chance to do something and would be a most welcome Christmas present to many a household.

The new year will witness the opening of the tobacco warehouses and work will be given for many months to hundreds of men and women. Pretty good for the so-called hard times?

One good big snow storm would do much to add to the real Christmas spirit and give the youngsters a chance to use their Christmas sleds when they arrive.

It will not be many days now until Christmas. Have you finished your shopping yet or are you waiting until the last minute to do everything with a rush?

**CHARLES DAVIS HELD ON ASSAULT CHARGE**

Pleads Not Guilty to Charges Made by Wife in Municipal Court This Morning.

Charles Davis, who resides on Hickory street, was arraigned before Municipal Judge H. L. Maxfield this morning on the charge of assault and battery, made by his wife, Edna Davis, who pleaded not guilty and has case set for Dec. 23 at ten o'clock. The result of three hundred dollars bail he was committed to the county jail. The arrest was made by Constable W. E. Dulin last night.

**TO REBUILD SCHLITZ AGENCY WAREHOUSE**

George Dunst, of Milwaukee, architect for the Schlitz Brewing company, is in Janesville supervising the rebuilding of the agency warehouse building on Wall street, which was damaged badly by fire yesterday morning. The total loss is somewhat less than at first supposed, for the building is in a repairable condition, and much of the stock was saved by the efforts of the firemen. The ice house and

storage room for bottled beer suffered the worst on the first floor, and the rear end part of the second floor was destroyed. The fixtures, valued at five or six hundred dollars, stored on the second floor, are a total loss. Repairing on the building started this morning.

Judgment Ordered: Judge H. L. Maxfield ordered judgment to the amount of one dollar and costs, amounting to \$4.87, in the civil action case of John Farrington against Edward and Michael Beggs. An offer of judgment was made by the defendant's attorney, E. J. Ryan, which was accepted by Louis Avery, representing Farrington. The action is over a trespass violation.

We are presenting this week Klein's original scenic vaudeville novelty, The Sinking of the Titanic.

This is not a motion picture, but is one of the most spectacular mechanical productions ever presented on the stage. It is an Orpheum circuit success and nearly a carload of equipment is required to produce it.

The act is so entirely different that I know you will enjoy it and I wish everyone to witness it.

Your satisfaction is ever guaranteed.

Respectfully,  
JAMES ZANIAS.

**Life's Tangles.** The time you spend getting the tangles out of your worried, and the knots out of your thread, might have been used to better purpose if you had been a little more patient or a little less careless. Life has difficulties, of course, but as a rule its tangles could be avoided by care and patience.—**GIRL'S COMPANION.**

### The "Service" Idea

The idea of "store service" involves much more than "waiting on" you courteously. Any store can give that service; and most of the stores do give it.

"Service," as we understand it and give it, goes much farther. It begins at the source; takes your needs into account long before you do; provides not merely goods to sell, for you to buy, but goods that you ought to buy; showing you these goods and making it impossible for you to go wrong in your selection through lack of knowledge or judgement.

When a man comes into this store we show him what he calls for and tell him all about it; we add our knowledge to his wishes, and, if he wants suggestions, we give them fully and intelligently. He must be satisfied whether he buys or not.

When a woman comes in to this store to buy for a man or boy, we show her what he ought to have and tell her why he ought to have it; informing her fully as to styles and price. If she comes in for shoes or hosiery for herself, she knows what she wants and it's only a matter of showing her the goods.

When a child comes into this store we feel duty bound to take the place of his parents, and and serve him to the very best interest both of himself and his parents.
